

Welcome to
GOOD SHEPHERD HEALTHCARE SERVICES

Expect to get more out of medical care and home care when you choose to work with Good Shepherd Healthcare Services. We are a licensed, Maryland-based home health care agency catering to the needs of the homebound. Over the years, we've come to understand the many challenges that patients face with their disability or illness. From experience, we are confident that we can effectively address your loved one's health care needs no matter how unique they may be.

GOOD SHEPHERD HEALTHCARE SERVICES The assistance and services competently administered by Good Shepherd Healthcare Services are done through our licensed medical and non-medical practitioners whose individual expertise has helped our patients towards achieving wellness and prosperity.

If you wish to allow us to stay and take care of you through your difficult times in health at home, please reach us through our service hotline at 443-621-6235 or simply send us a message by filling up our online Contact Us form.

Home Health Care is more Affordable! You spend less because you get care just by staying at home.

- Home Health Care is more Convenient! There is less travel involved to and from the medical care center.
- Home Health Care is more Personalized! You will have your own home health care plan that is developed in collaboration with your attending physician.

About Us

To ensure your expectations will be carefully met, Good Shepherd Healthcare Services follows a strict pre-employment process which enables us to hire for the most qualified health care personnel who will attend to your needs at home. Geared with their knowledge, skills and expertise, we assure you best services that are provided by the most competent health care staff the industry has to offer.

Part of our employment process includes:

- ✔ Personal Background Check
- ✔ Criminal Background Check
- ✔ Drug Testing
- ✔ Medical Examination
- ✔ Licenses/Certifications Verification
- ✔ Reference Validation

Good Shepherd Healthcare Services values the importance of continuous education. In this respect, we require our staff to undergo a series of extensive and comprehensive trainings to ensure that we can provide quality health care services.

Rest assured that when you delegate your needs to us, you will feel satisfied and worry-free as we have a team of capable and caring people.
